Christmas Greetings

I wish you from the bottom of my heart
a relaxed and peaceful Christmas time,
moments to breathe, to recharge
your energy, and for everything
that brings you joy.

With warm wishes,
Frieda

DIY Christmas Card

Print – Fold – Share Joy!

1 Print
Print this Christmas card on A4 paper (100% size / actual size).

2 Cut
Cut along the outer cutting line.

3 Fold (1)
Fold the sheet in half horizontally (1st fold – from left to right).

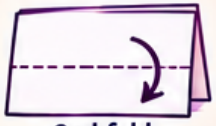

4 Fold (2)
Then fold it in half again vertically (2nd fold – from top to bottom).

5 Done!
Your A6 greeting card is ready! Write your personal message inside and give it to someone special!

1st fold
(from left to right)

2nd fold
(from top to bottom)

Tip:

- For a sturdier card, use a thicker paper (e.g. 200–300 g/m²).
- You can also print the design on ready-made A6 folding cards (10.5 × 14.8 cm).

Have fun crafting and giving joy!
